Testimonials

“Providing clients with a variety of communication options isn’t a luxury anymore. We feel it is critical to meet our clients where they are. That may be via email, web meeting, social media, phone calls, and increasingly, via text messages. Using the native cell phone messaging systems just doesn’t get the job done. We needed a tool that my entire team could use, and would provide the archiving that compliance officers would expect. MyRepChat was the solution we had been trying to find. In addition to providing needed tools we sought, the support response has been amazing. If you need a compliance-friendly, client-centered text messaging solution, look no further than MyRepChat.”

Derieck, Current User

“I’m very pleased with MyRepChat, it allows me to use text messaging with clients, and still be compliant in my record keeping, with no extra effort after set up. Clients, even over age 70, expect to be able to use texting as a form of communication. I’m thrilled to finally be able to use texting in my financial planning/investment advisory practice.”
